Art Program

The arts program includes a wide variety of subjects, techniques and media. Participants learn about colours, perspective, composition, light and shadow and other aspects of artistic expression. Subjects include animals, landscapes, still life and other. The projects inspire creativity and build artistic skills which go well beyond what children can learn in regular school classes or even in other specialized art programs. The creative and friendly atmosphere of our program stimulates kids' interactions and builds their self-confidence. The cost of materials is included in the camp's fee.

Camp organization

There are morning (9-12 AM), afternoon (1-4 PM), and whole-day (9 AM - 4 PM) sessions available. Each camp session has unique art projects, so participants registered for multiple sessions always work on new art pieces. During the full day camp's lunch hour 12-1 PM participants may be taking a short, supervised walk to a local park. A small friendly dog may be present during the camps.

Location and enrollment

Summer camps are held in the iCreate art studio in the heart of Clarkson Village. The address is 987 Clarkson Rd. S., Unit 102, Mississauga (SE corner of Lakeshore Rd. W. and Clarkson Rd. S., in the same building as Benjamin Moore paint store). Camp groups are small (up to 10 children) to create a comfortable learning and playing environment.

Health and Special Needs

Please discuss with our staff any special needs or health issues your child may have before registering for the program. Please note – our program is not able to provide a specialized care that goes beyond art instructions.

Snacks and Lunches

Parents are asked to provide nuts-free snacks and lunches for their children. Please inform us about any allergies your child may have.

Lead Instructor: Agnes Piatek

Agnes has M.A. in Fine Arts Education and over 20 of teaching experience.
